

HITACHI

BWRX300

GROUNDBREAKING
BWRX-300
SMALL MODULAR REACTOR
ACHIEVES LICENSING MILESTONE

BREAKTHROUGH
DESIGN FEATURES
ENABLE THE
BWRX-300
TO BE **COST
COMPETITIVE**

DEPLOYABLE
BY 2028

Breakthrough
innovation that is
**patented and
NRC approved**

Enables **dramatic
design** simplification
and elimination of
unnecessary systems

Leading to more
than **50% reduction**
in construction
materials per MW
